Platypus Run Warmbloods

CONDITIONS OF SERVICE

1. All service fees are to be paid in full prior to collection or dispatch of any semen
2. Service fees are **non refundable**.
3. **One service certificate will be issued per service fee paid.** If two mares are bred with one insemination dose and both are pregnant, a second service fee is payable.
4. Collection of and transportation costs for the semen are payable by the Owner.
5. In the case that the stallion should be injured to prevent breeding, die or be sold, the mare owner is entitled to a full refund (excluding the costs already incurred).
6. Mare owners are advised that a live foal guarantee does not guarantee that a live foal will be born by the mare being bred. This term entitles the mare owner to a return breeding for the same mare to the same stallion, in a subsequent breeding season. This applies only in the case that the mare should a) fail to conceive, b) abort the foetus or c) the foal die within 24hrs of birth. A veterinary certificate must be supplied.
7. **Should the mare owner fail to have a veterinarian examine the pregnancy for twins or abortions at or before eighteen days (18) after insemination, and between forty (40) and sixty (60) days after conception, the live foal guarantee will be void.** It is the responsibility of the mare owner to assist in maintaining the pregnancy with regular veterinary checks. Platypus Run Warmbloods will not honour Live Foal Guarantees when the mare owner has neglected to undertake appropriate examinations.
8. **Platypus Run Warmbloods must be notified within seven (7) days of the results of the pregnancy test as outlined above (point 7) or the live foal guarantee will be void.**
9. Platypus Run Warmbloods will not honour Live Foal Guarantees when the mare loses a pregnancy due to poor health caused from owner's neglect. Appropriate feed, water and shelter should be available to the pregnant mare at all times.
10. **A \$250 rebreeding fee will be charged upon exercising the Live Foal Guarantee. This also applies to any mares needing to be rebred for subsequent seasons.**
11. The breeding season will commence on 14 September and close on the 1st day of March each year. Mares must be bred within this period.
12. Platypus Run Warmbloods exercises the right to refuse any mare for breeding for whatever reasons.
13. Mare owners are advised to have their mares assessed for breeding soundness before breeding by an appropriately qualified veterinarian.
14. **All accounts are to be paid in full before service certificates will be issued.**
15. Service certificates cannot be issued without appropriate registration papers or proof of identity.
16. Semen can be collected and shipped on any day of the week however additional transportation fees apply to Monday, Saturday and Sunday deliveries.
